### DAVID STILLEY, MD, FROM DOCTORS NOW IS OUR MARCH SPEAKER

David Stilley, MD, trained in Family Medicine and has practiced Emergency and Urgent Care Medicine in Central Iowa since 1988. He served as the medical director for the highest patient volume ED in Iowa for a number of years.

Dr. Stilley has been heavily involved both locally and nationally in disaster and trauma care and planning. He also serves as a medical director for area ambulance services and the Suburban Emergency Response Team (Tactical Police).

Board Certified in both Family Medicine and Emergency Medicine, Dr. Stilley completed his MBA from the University of Tennessee in Knoxville, Tennessee in 2004. A commercial instrument-rated fixed wing pilot for 25 years, he added his helicopter private rating summer 2005 and commercial helicopter pilot rating in January 2008.

Currently, Dr. Stilley is Chief Medical Officer for Doctors Now Walk-in Care, a privately owned company providing urgent care and occupational medicine services. Originated in Des Moines in 2007, DoctorsNow plans to add three to five locations outside Iowa in 2008.

### FROM THE PRESIDENT

March; is it a lion or a lamb? I don't care just stop winter NOW! I'm sure many of you feel the same. As the records show this has been a bad one. This has been one year that weather has not been a mundane subject of conversation. People in Iowa are just as wound up about the weather as they are politics. Enough said.

This month we are pleased to present as our guest speaker David Stilley, MD. He has practiced Emergency and Urgent Care Medicine in Central Iowa since 1988. Dr. Stilley is very experienced in how to take care of the individual patient and the public as a group in emergency situations. He has played an important part in both national and local disaster and trauma care planning. Dr. Stilley is currently dedicating his time as Chief Medical Officer for DoctorsNow Walk-in Care. This privately owned company originated in Des Moines in 2007 and plans to expand outside of Iowa in 2008.

Dr. Stilley is also a talented pilot holding commercial licenses for helicopter and fixed wing planes. He also has the distinction of being in a plane crash and surviving.

You do not have to be a member of the Leadership Network to attend, as guests are always welcome. If you are interested in more information about the group, contact any member or visit our website [www.dmladershipnetwork.org](http://www.dmladershipnetwork.org). All members should please consider bringing a guest or potential member to this month's meeting.

The Leadership Network is a non-profit organization and each year we fund a scholarship (this year there will be two) for an AIB College of Business student and consider donations to other local charitable organizations.

Please make your lunch reservations soon as I expect Dr. Stilley to present us with an excellent program.

Hopefully this winter will finally break and we will be able to get out doors and enjoy some spring weather. See you at the next meeting!

Sincerely,  
*Jim Hansen*
